

REPRESENTATIVE STONE LAUDS WILSON POLICY

Illinois Congressman Says Partisanship
Should Stay Within Nation's
Boundaries.

Representative Claudius T. Stone, of Illinois, in an address before the National Democratic Women of America, at a meeting at the Elbert House last evening, declared that "Partisanship should stay at the nation's boundaries." Criticisms in this country have caused many Mexicans to believe the United States divided as to its policy.

Mr. Stone said "Fair persons cannot but give President Wilson credit for keeping the United States out of the world war, 'there can be no question as to President Wilson's patriotism."

Mr. George A. Ames, president of the organization, urged all women to enter politics. "I feel that taking an active interest in politics makes women stronger mentally, physically and morally."

Mrs. Helen Nelson Dooley, chairman of the campaign committee, reported that nearly 20,000 copies of addresses of prominent Democrats have been distributed.

A feature of the evening was a program of musical members contributed by Mrs. David S. Rose, former member of the Metropolitan Opera Company, and the wife of the former mayor of Milwaukee. Her reporters included Tosca's Aria; Il Baccia by Ardit; and The Star Spangled Banner.

SAILORS' WAR BONUS RISES.

Shipowners to Add 25 Per Cent of
Regular Wages.

New York, Aug. 25.—The officers, firemen and seamen on the American liner St. Paul, due to sail tomorrow for Liverpool with passengers and mail, and the crew of the Atlantic transport liner Manchuria, leaving today for London, informed the officials of the International Mercantile Marine Company at the pier today that they would not sign articles unless their war risk bonus was increased.

After a conference with the delegates from the men's union the company agreed to pay the officers, firemen and seamen on all its vessels sailing under the American flag a bonus of 25 per cent of their wages. The crews then signed up.

29 DEAD AND INJURED IN RAID BY ZEPPELIN

Outskirts of London Bombarded by
Aviator, Electric Power Station
Being Disabled.

(By the International News Service.)
London, Aug. 25.—Zepplin airships bombarded the outskirts of London early today, killing and wounding twenty-nine persons.

The electric power station and the engineering works were damaged by bombs.

Six airships took part in the raid. Cities on the eastern coast were attacked as well as London, while one airship penetrated far inland. Ships off the coast also were attacked.

In the first official statement issued by the war office no mention was made of the attack upon London, but a later statement issued this afternoon gave the details of it.

Thirty bombs were dropped in the eastern counties, the official report says, but in that district there were no casualties, nor was any serious damage done.

The Zeppelin which reached the suburbs of London dropped bombs, resulting in the following casualties: Killed, 3 women, 3 men and 2 children; seriously injured, 3 men and 4 women; slightly injured, 7 women, 4 men and 3 children.

G. A. R. VETERANS LEAVE FOR 50TH ENCAMPMENT

Many members of the G. A. R. and women of auxiliary organizations will leave this afternoon at 1:42 o'clock to attend the semi-centennial encampment of the Grand Army of the Republic, which will be held in Kansas City next week. The party of the Department of the Potomac will be headed by Dr. A. J. Hinton, department commander, and George H. Slaybaugh, national senior vice commander, will take the trip.

On the same train with the Washington delegation will be members of the G. A. R. from Maryland and Delaware, with Sons of Veterans and members of the Woman's Relief Corps.

The party will include John McElroy, O. H. Oldroyd, B. P. Entrikin, Mrs. Tillie Entrikin, Mrs. Isabel Worrell Ball, Mrs. Anne S. Hamilton, Jeremiah Wilt, F. A. Sparks, Mrs. Mary M. North, I. D. Williamson, L. D. Alden, Mrs. Alden, Miss Maud E. Buckles, James McKee, Mrs. McKee, W. A. Roberts, Mrs. Lucy Kellerhouse, Patrick H. McNulty, Mrs. Marie H. Smith and Mr. Fortier.

Assembly Holds Extra Session.
Hartford, Conn.—Governor Holcomb today called the general assembly to convene in special session on September 12, to provide for taking the vote of the Connecticut soldiers on the Mexican border. A special session had not previously been called since the civil war.

A hand operated machine to knead the stiffness out of leather has been invented by an Oklahoma man.

GIRL REJECTS STORY OF WEALTHY "PARENT"

Refuses to Believe That She Is Mil-
lionaire's Daughter.

(By the International News Service.)
Chicago, Aug. 25.—Margaret Bernstein, a plump and dimpled checked school girl, today indicated her disbelief in Joseph Bernstein's story that she and her sister Alice were not his children but the daughters of Edward W. Morrison, millionaire, who adopted them three weeks ago.

Three times from the witness witness stand in Federal Judge Landis' Court, she referred to Bernstein as her father when questioned by Francis W. Houlihan, attorney for the receiver of Morrison.

Both girls had been brought to court with their caretaker, Mrs. Annie Briggs, only after Judge Landis had dramatically ordered Deputy U. S. Marshal Samuel Howard to smash down the door of the old Morrison homestead and bring them by force.

Their appearance in court late in the afternoon was the climax of a day of sensational in the Morrison dispirited fortune search. The aged millionaire, under oath, had testified that he expected his attorney, James R. Ward, to return to him the \$200,000 or more of property he had deeded the lawyer in order to contest a \$30,000 court judgment.

Their appearance in court late in the afternoon was the climax of a day of sensational in the Morrison dispirited fortune search. The aged millionaire, under oath, had testified that he expected his attorney, James R. Ward, to return to him the \$200,000 or more of property he had deeded the lawyer in order to contest a \$30,000 court judgment.

WILSON SAVES TWO FROM DEPORTATION

President Waives Law at New York in
Case of Russian Mother
and Girl.

(By the International News Service.)
New York, Aug. 25.—A Russian mother and her 16-year-old daughter, were saved today by President Wilson from deportation to their native land. They already had been taken aboard the steamer Nordland word from the State Department, stating the deportation order.

The Hebrew Sheltering and Immigration Aid Society had learned of the case of the two unfortunates, and a telegram was sent to President Wilson in their behalf.

A few hours before the steamer was to sail, Commissioner Howe, at Ellis Island, was notified not to send the woman and her child away until the case is looked into further.

Mrs. Sarah Shmelson came to this country on August 5. She brought with her two children—Esther, 16, and Ruben, 11. There was some physical defect which caused the authorities to refuse to pass the girl. Age was against the mother. Ruben passed the requirements and would have been allowed to proceed to Chicago to join several of his brothers.

DEATH RESULTS FROM BLOW WITH BOTTLE

Edwin Friend, 34 years old, a chauffeur, residing in the Elm apartments, Fourteenth and C streets southeast, died at the Emergency Hospital last night from the effects of a fracture of the skull sustained by a blow with a milk bottle in the hands of Oscar Shipley, colored, of Franklin street, Georgetown, at the Thirtieth street, August 22.

Shipley has been arrested by Detectives O'Brien and Kelly and the police of the Seventh precinct. Coroner Nevitt will hold an inquest in the case probably this afternoon.

Typhus Epidemic in Mexico.
El Paso, Tex., Aug. 25.—An epidemic of typhus has broken out in Aguas Calientes, Mexico. A letter received from there today says that car loads of corpses are being carried out for burial daily.

DROP HEALTH INSPECTORS.

Six Men Ousted After Meat Dealers
Are Indicted.

New York, Aug. 25.—As the result of the indictment of twelve wholesale meat dealers of Williamsburg on charges of selling unwholesome meat and of bribing inspectors of the department of health, six inspectors have been dismissed from the department, according to a statement made yesterday by Health Commissioner Haven Emerson.

None of their explanations was considered satisfactory. Two other meat inspectors involved in the charges are now on the Mexican border with the National Guard and will be examined when they return. The meat dealers will be brought to trial in September, and it is said that some of them are prepared to plead guilty.

PETTY THIEVES' LOOT FOR DAY TOTALS \$700

Residents in All Quarters of City Suf-
fer From Activities of Light-
Fingered Criminals.

Activity among the petty thieves took a spurt yesterday, the amount of plunder secured being something like \$700.

Mrs. Helen Fournier, a guest at one of the leading hotels, complained to the police yesterday that she had either lost or had stolen from her a bar gold platinum pin of twenty diamonds with one large stone in the center, which she valued at \$250.

A French parlor clock, valued at \$50, was stolen from John S. Siebold, 910 Lawrence street northwest.

A gold-filled Hamilton watch, twenty-two jewels, gold rope chain and locket attached, valued at \$85, was stolen from Edward Payne, Alexandria, Va., employed in the B. & O. railroad roundhouse at Ivy City, from his locker there.

Alexie Fingler, 1234 I street northwest, reported the loss of a safety razor and shaving outfit and silver picture frame, valued at \$15.

Mrs. Nancy Conner, 1214 I street northwest, told the police that she had been victim of a pocketbook in which there was \$5 and a rosary.

While on a train coming from Chesapeake Beach yesterday J. G. Sanders, 921 I street northeast, told the police that his pocket was picked of a wallet containing \$20.

Wayne Smith, of the Pollock Auto Corporation, complained of the robbery of an auto tire valued at \$50.

A silver tray and a \$10 bill were stolen from Charles Parsons, 314 Newark street northwest, yesterday. The tray is valued at \$15.

Political Notes

New York, Aug. 25.—With the return of Chairman Vance McCormick, of the Democratic National Committee, from the western headquarters at Chicago, further plans for the Wilson campaign will be laid out as the result of conferences with leaders in the west.

Chairman McCormick is expected back tonight, and will meet with campaign leaders tomorrow morning, including Senator Bainbridge Colby, chairman of the Wilson campaign committee, who is gathering in the independent Bull Moose to help elect Wilson.

Senator Colby was at Democratic headquarters today to see McCormick, who had been expected earlier in the day. Colby reports that the organization of his committee with representatives in every State is progressing satisfactorily.

New York, Aug. 25.—Business men and commercial travelers have formed a Hughes boost organization, and will arrange for meetings and speakers after the primaries.

Col. William Barbour conferred with Chairman Wilcox at Republican headquarters today. He is president of the body, which will be called the Commercial Travelers' and Business Men's Hughes and Fairbanks League.

The Presidential campaign is to get into the "movies," the national committee having arranged for a production in which Hughes and Roosevelt will figure, and the issues of the campaign be brought out.

New York, Aug. 25.—Robert Bacon, candidate for the Republican nomination for United States Senator, left New York for Jamestown, N. Y., today to deliver at Chautauque tomorrow the opening speech of his campaign. Job E. Hedges, acting as his campaign manager, will go to Jamestown tonight.

As Mr. Bacon left the city William M. Calder, of Brooklyn, former Congressman and also a candidate for the Republican Senatorial nomination, returned to the city, after stamping the western part of the State. He reported his reception as encouraging.

TROOPS MUST SHARE ALL GIFTS RECEIVED

Candies, tobacco and other luxuries can now be sent to the soldiers on the border or in Mexico, at public expense, according to an order of the Department of the East received at Camp Ordway recently.

The only provision is that the packages be addressed impersonally to the commanding officer of a post or camp, and not to Private So-and-so or Lieutenant So-and-so. The government wants its soldiers to share alike if the luxuries are shipped at government expense.

ILLINOIS INTERESTS ACT.

Call Issued for Interstate Conference to Uphold Arbitration.

Chicago, Aug. 25.—The Illinois Manufacturers' Association yesterday called a conference of similar organizations from many States to meet in Chicago Aug. 29 to "uphold the principle of arbitration and to secure united action on the part of industries with reference to the controversy between railroads and their trainmen."

The Chicago Association of Commerce sent a lengthy telegram to President Wilson tonight, urging that the association be permitted to present its views to him before he acts further in the pending railroad controversy.

Atlantic City Regulates Jitneys.

Atlantic City, N. J., Aug. 25.—The city assumed complete supervision over jitney busses today. The ordinance regulating their use, outlines routes and fares among other matters. Violations of the ordinance are punishable by fines up to \$100 or imprisonment for ninety days. The route along the principal thoroughfares covers about three miles and automobile must continue to the end. Five cent fares are to prevail except that 10 cents may be charged from midnight until 5 o'clock in the morning.

Mosquitoes Torture Canoeists.
New York, Aug. 25.—Catharine Novett and Caroline Meyer were marooned yesterday afternoon on a mud and grass island in the Passaic River after their canoe upset and floated away. The young women, thinly clad, suffered greatly from mosquitoes and were treated by a physician.

ROCKVILLE FAIR ENDS SUCCESSFUL MEETING

Final Day Devoted to Automobile
Parade and Races—Record
Number of Exhibits.

By Staff Correspondent.
Rockville, Md., Aug. 25.—One of the most successful fairs ever held in Montgomery County was closed tonight, the day being exceedingly lively for a closing session. Secretary James T. Bogley announced that although the number of admissions was under that of last year, the fair was a financial success. Exhibits have never been larger and of better quality than this year and judges never have had so much difficulty in awarding first places.

The feature of the morning was the automobile parade around the race track, headed by William A. Water, of Germantown. In the afternoon the closing races would receive their harvest. Each of the automobile exhibitors showed off their cars, demonstrating the extreme low speed of high gear and circling the track at top speed.

Visitors patronized the midway attractions up to the last moment, and the 5 and 10 cent features reaped a harvest. The four days were most orderly, there being no arrests and not an accident.

STRIKE THREATENS AS WILSON DENIES PLEDGES

CONTINUED FROM PAGE ONE.

railroads shall set aside as a special fund for that purpose the amount of money the members of the four brotherhoods would receive if they were being paid on the eight-hour basis.

3. The Interstate Commerce Commission, which keeps the books of the railroads, shall authorize the roads to set aside this special fund and see to it that it is set aside.

4. The life of the arbitration commission shall be for a term of years, preferably three. It will investigate all other wage disputes arising between the railroads and their employees.

No recommendation for special legislation is made. The length of the communication containing the proposition was said to be about 1,500 words.

The delay angered the brotherhood leaders. They started to pack and go home. They started to pack and go home. They started to pack and go home.

Secretary Tumulty was sent to the headquarters of the executives with a request that the subcommittee return to the White House. He wanted to tell them, it was said, that he expected an answer from them upon which a solution could be based by tonight.

The brotherhoods, on hearing of the near-ultimatum, abandoned their plans to leave. By this means only was a dangerous crisis averted.

The railway executives are pressing their charge that a deep political game is being played from the White House, with the hope that success will have a favorable effect at the November election. A well-equipped press bureau has been established and a steady stream of "copy" intended to influence public opinion against the President's demands is being issued.

Statements that were unobtainable from the "big fellows" a few days ago, are now to be had by the score, and without the asking. Howard Elliott, of the New Haven road, and formerly of Harvard University, turned loose his guns on his old friend, President Wilson. He said in part:

"The eight-hour question should be settled only after being carefully considered by a tribunal free from prejudice and partisanship."

"President Alston, of the Chicago and Northwestern, said:

"The demand is unfair, as the wages of the railroad operatives have increased now faster, in proportion, than the revenue traffic."

Notwithstanding this situation, President Wilson announced at the Cabinet meeting that he expected an amicable settlement of the controversy in a few hours.

Shortly before the executives went into conference last night, one of them said: "We have taken into consideration, in

arriving at a common understanding, that we are the trustees of \$11,000,000,000 of property and of the transportation system of the country. We have determined that we must maintain the integrity of our trusteeship."

"We have not forgotten our obligations to our employees and to the public. They receive first consideration. The public is entitled to the best transportation service at the lowest cost possible."

"The members of the brotherhoods are among the best paid employees in the country. To increase their compensation to the extent of \$2,000,000 would mean that we would have to increase the freight rates to the same extent. We believe the people are unwilling for that to be done merely because a highly paid class of employees make unreasonable demands."
